Home School Agreement

Futures Matter - Northwood | Agreed when a pupil is admitted

This agreement sets out what Futures Matter - Northwood, parents and carers, and our pupils each commit to.

AMBITIOUS	RESILIENT	RESPECTFUL	KIND
Highest aspirations for every young person	Confidence and self-belief to keep going	Dignity for pupils, families and each other	Looking after one another and our community

The school will

1. Value and care for every pupil as a unique individual, and build trusting, consistent relationships with them.
2. Aim to provide the best possible education, personalised to each pupil's needs and the outcomes set out in their Education, Health and Care Plan (EHCP).
3. Keep parents and carers informed about their child's progress, wellbeing and achievements, including through regular contact, reports and annual review meetings.
4. Share information about what pupils are being taught, and about school activities, events and any changes to the school day, through the agreed communication methods.
5. Share our Behaviour, Rewards and Sanctions Policy, explain our relational, trauma-informed approach, and explain that physical intervention is only ever used as a last resort, to keep a pupil or others safe, and is always recorded and reported to parents and carers.
6. Provide home learning where it is appropriate for the pupil.
7. Provide a home-school communication method for regular contact between staff and families, and respond to messages as soon as is practicable, normally within one working day.
8. Take pupils on educational visits and enrichment activities as part of the curriculum. Parents and carers will be told in advance and are encouraged to speak to the member of staff who arranged the visit if they have any concerns.
9. Take safeguarding seriously, follow our Safeguarding and Child Protection Policy, and tell parents and carers about any concern unless doing so would place a child at risk of harm.
10. Work with other professionals who support the pupil, such as the local authority, social workers, therapists and health services.

Parents and carers will

1. Make sure their child attends school regularly and on time, and tell the school on the first day if their child is absent. If there are difficulties with transport, they will raise this with the local authority transport team and let the school know.
2. Provide evidence of medical or other appointments where it is requested, and try to arrange appointments outside school hours where possible.
3. Attend annual reviews, review meetings and parents' evenings to discuss their child's progress.
4. Work with the school to promote positive behaviour, and by signing below show that they have read and understood the Behaviour, Rewards and Sanctions Policy.

5. Tell the school, in confidence if necessary, about any events at home or changes in circumstances that may affect their child's emotional wellbeing or behaviour.
6. Tell the school about any other professionals involved with their child, and about any changes to their child's health needs or medication.
7. Keep their contact details, emergency contacts and details of who is allowed to collect their child up to date, and tell the school in advance if someone different will be collecting.
8. Return any equipment or materials loaned to support learning at home when asked.
9. Use the agreed home-school communication method regularly to share what their child has been doing at home and any changes to routine.
10. Support the school's approach to online safety and mobile phones, including supporting their child to use technology safely at home.
11. Speak to the school first if they have a concern, and follow the Complaints Policy if it cannot be resolved informally.

Pupils are asked to

This section is written to be read and talked through with each pupil, with support from staff or family where needed.

1. Come to school as often as I can, and tell someone if something is making that hard.
2. Try to treat other people, and the school building, with respect.
3. Talk to an adult I trust if I am worried, upset or angry, or if something feels unsafe.
4. Try my best, and ask for help when I need it.
5. Use the calm and regulation strategies that I have practised with staff.
6. Follow the school's rules about phones and the internet, and tell an adult if I see something online that upsets me.

Together we will

1. Help every pupil to develop their full potential.
2. Help every pupil to develop a sense of responsibility and respect for other people.
3. Encourage pupils to believe in themselves, raise their self-esteem and take pride in their school and community.
4. Share any concerns or problems affecting the pupil, early and openly, so that we can solve them together.
5. Discuss and resolve any complaints fairly, in line with the Complaints Policy.
6. Keep close contact between home and school on all medical, therapeutic and emotional wellbeing matters relating to the pupil.
7. Keep the pupil's best interests and safety at the centre of every decision.
